
From experiments to messiness: responding to the need for radical change

Vanesa Castan Broto
Urban Institute, University of Sheffield

LO-ACT

Low Carbon Action
in Ordinary Cities

This project has received funding from the European Research Council (ERC) under the European Union's Horizon 2020 research and innovation programme Grant Agreement No 804051 — LO-ACT — ERC-2018-STG

- Plan a massive, step-by-step change

- Tied to implementation failures and environmental injustices

- Disruptions leading to large reconfigurations

- Experiments as shape-shifting monsters

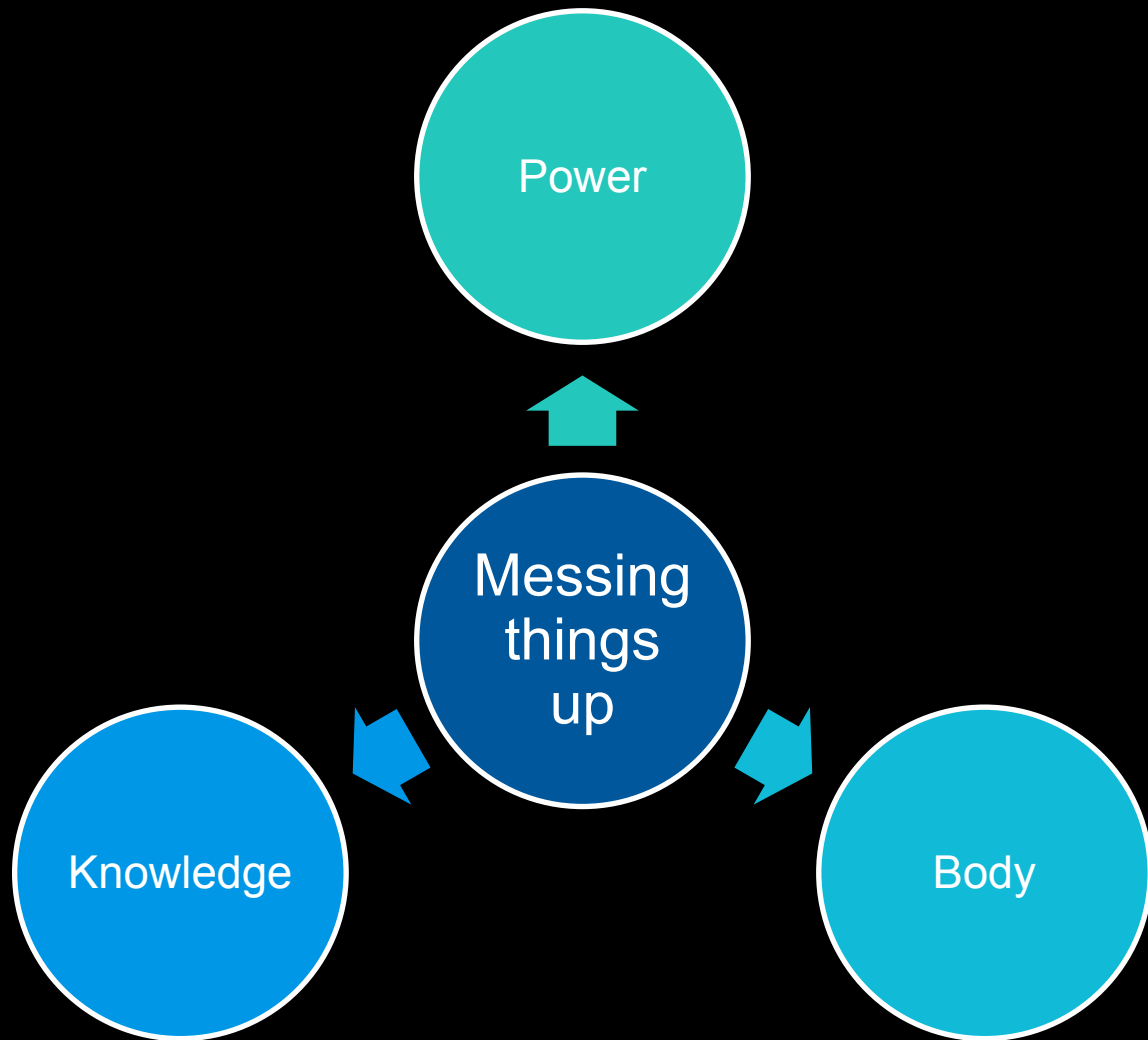

- Mess' potential to make social change possible

- ????

THANK YOU
